On September 17, the nation observes Constitution Day and Citizenship Day as part of constitution week (September 17 - 23). The commemoration honors both the signing of the U.S. Constitution on September 17, 1787, and an observance that began in 1940 as "I am an American Day."

"Last fiscal year, HACES helped over 146 legal permanent residents become naturalized US citizens."

Naturalization is an important milestone in the path toward U.S. citizenship, and while there are many benefits to citizenship, including the right to vote, the path to get there can be challenging. HACES helps make each client's journey easier by providing comprehensive immigration services, including office consultations and group workshops. At HACES we consider our record of success in helping create new citizens one of our proudest achievements. And so we are particularly proud to introduce you to our most recent clients who became U.S. citizens! We are firmly convinced that these new citizens will **"WILL ACTIVELY PARTICIPATE IN MAKING OUR COUNTRY A BETTER PLACE."**

"HACES helped 84 individuals prepare for the citizenship test."

Our citizenship education classes are taught twice a week in English and Spanish by qualified and trained volunteer instructors.

For more information about our Citizenship services, please visit our website at <https://haces.org/legal/>. As always rely on you - our donors -- to supplement the insufficient funding we receive from other sources. Will you consider a donation today?
